

MEDIA RELEASE

guard.me announces innovative claims reimbursement solution for students, schools, and practitioners

October 4, 2018

MARKHAM, ONTARIO – **guard.me International Insurance** is proud to continue delivering on its mandate to provide innovative tools in international student health insurance with the launch of its new virtual reloadable Prepaid Debit Card for faster claim payments.

“We strive to be forward-thinking solutions providers,” said Maryann Brown, Chief Operating Officer at **guard.me**. “Every day each of our team members aim to deliver better services, superior customer service and innovative solutions to our students and our schools. Our new virtual Prepaid Debit Card delivers on that promise by making the claim reimbursement experience faster and easier.”

guard.me’s new Prepaid Debit Card combines the benefits of both virtual and physical cards with immediate fulfilment via a virtual card, followed up with a companion physical card, if requested. By visiting <http://guardme.berkeleypayment.com> students will be able to check their balance, view their history and make address updates.

“This is such a convenient tool for everyone,” continued Ms. Brown. “Our schools can rest assured that their student claims are processed quickly and compassionately, students have a seamless, easy experience, and the practitioner reimbursement process has been streamlined. For over 20 years we’ve had a reputation for going above and beyond and I am so proud that we are continually developing new solutions that make international student insurance more accessible and more compassionate.”

Launched on **October 1st, 2018**, the **guard.me** Prepaid Debit Card can be used for both instore and online transactions wherever Mastercard[®] is accepted worldwide.
